

MEMORANDUM OF UNDERSTANDING
MADISON COUNTY STORM WATER QUALITY PARTNERSHIP

This MEMORANDUM OF UNDERSTANDING, hereinafter referred to as "MOU," is entered into this _____ day of _____, _____, by and between Anderson University, the City of Alexandria, the City of Anderson, the Town of Chesterfield, East Central Indiana Solid Waste District, the Town of Edgewood, the Town of Ingalls, Madison County, hereinafter referred to as "County," Madison County Council of Governments, hereinafter referred to as "MCCOG," the Madison County Soil and Water Conservation District, hereinafter referred to as "Madison County SWCD," the Town of Pendleton, and White River Watchers Inc.

This MOU will provide mechanisms for effective coordination of all of the interests and concerns of the agencies involved in addressing 327 IAC 15-13 (Rule 13) Part C Storm Water Quality Management Plan minimum control measures including:

- Public Education and Outreach;
- Public Participation/Involvement;
- Illicit Discharge Detection and Elimination;
- Construction Site Runoff Control;
- Post-Construction Runoff Control; and
- Pollution Prevention/Good Housekeeping.

I. PARTIES

A. The following officials, or their representatives, are parties to this MOU (collectively "Parties"):

1. Anderson University
2. The City of Alexandria;
3. The City of Anderson;
4. The Town of Chesterfield;
5. East Central Indiana Solid Waste District;
6. The Town of Edgewood;
7. The Town of Ingalls;
8. The County;
9. MCCOG;
10. Madison County SWCD;
11. The Town of Pendleton; and
12. White River Watchers of Madison County

B. Collectively, the Parties may be referred to as the "Madison County Storm Water Quality Partnership" or the "MCSWQP" while carrying out the mission of this MOU.

II. BACKGROUND AND HISTORY OF RULE 13 - STORM WATER RUNOFF ASSOCIATED WITH MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) CONVEYANCES

A. 327 IAC 15-13 (Rule 13) is a storm water general permit rule. The rule applies to the portions of an urban federal, state, municipal, county, public or private entity storm water

conveyance system that are not combined with sewage conveyances. A regulated conveyance system includes roads with drains, municipal streets, catch basins, curbs, gutters, storm drains, piping, channels, ditches, tunnels and conduits.

- B. Indiana's rule became effective August 6, 2003. The State of Indiana has completed the designation criteria and listing of designated MS4 entities. The list was revised based on the new boundaries of the 2000 Census Bureau urbanized area maps. Some smaller entities were removed based on new allowances in the rule language.
- C. To provide an opportunity for the public to get involved in local storm water management programs, IDEM has compiled a listing of MS4 operators for all the entities permitted under Rule 13. This listing provides the name of the person responsible for the local program (as provided on the submitted NOI letter or amendments to the NOI letter), an address for that person, the names of all the designated MS4 entities covered under the general permit number, and the general permit number.
- D. The requirements for Rule 13 generally adheres to the federal recommendations found in 40 CFR 122.
- E. The purpose of this MOU is to provide a framework for coordination and cooperation among the Parties and for the implementation of the activities stated in this MOU. The Parties and their representatives recognize the importance of coordinating the plans and implementation of the required Minimum Control Measures within the affected MS4 area of designation:
 - 1. Public Education and Outreach
 - 2. Public Participation and Involvement
 - 3. Illicit Discharge Detection and Elimination
 - 4. Construction Site Storm Water Runoff Control
 - 5. Postconstruction Storm Water Runoff Control
 - 6. Municipal Operations Pollution Prevention and Good Housekeeping

III. POLICY STATEMENT

- A. Each Party to this MOU is responsible for ensuring that its obligations are met.
- B. Each Party agrees to maintain on the part of its staff a high level of cooperation with the other Party's staff to assure successful and effective coordination of storm water pollution prevention public education and outreach plans and implementation.
- C. The Parties may designate technical representatives to coordinate the Parties' activities relating to the implementation of this agreement.
- D. The technical representatives may be directed to conduct and oversee scientific and technical activities necessary to the coordination of projects.
- E. Each Party will bear its own costs in the performance of its duties and responsibilities under this MOU.
